

Directions to Chico Air Museum

Driving In

The Chico Air Museum is located on the flightline of the Chico Municipal Airport (KCIC) in Chico, California, (Northern Sacramento Valley).

Chico Municipal Airport is located approximately 5 miles north of the City of Chico. Take Cohasset Rd north. Turn left (west) at Airpark Blvd (the second airport entrance). Before reaching the terminal entrance, turn right (North) on Fortress Street. Drive three blocks and turn left (West) on Ryan Ave.

Flying-in

If you are flying in, request with ground control that you would like to taxi to the Chico Air Museum. We are the northern most building on the flight-line. Note: The CDF Air tanker base is also located on the North side of the ramp, and if during tanker operations, the tower may not let you taxi directly to the museum.

Be sure to check our website Home Page for hours of operation. Field Trips or Special Tours can be arranged by clicking on "Contact Us" from Home Page or calling (530)345-6468.
